

ADVANCED DIPLOMA IN COMPUTER APPLICATION

DURATION (REGULAR) 2 YEAR (FAST TRACK) 6 MONTHS

ELIGIBILITY : DIPLOMA

WORK EXPERIENCE : 2 YEARS

COURSE DESCRIPTION

The Advanced Diploma in Computer Application is a two-year program that provides students with a comprehensive understanding of computer applications. The course includes advanced topics such as programming, database management, and web development. Students also gain hands-on experience through practical sessions, laboratory experiments, and fieldwork to develop their skills in computer applications. Upon completion of the course, graduates can pursue a career in various industries, including software development, database administration, and web design. Graduates can also pursue higher studies in computer science and related fields.

ABOUT US
