ELIGIBILITY
12TH PASS/ANY DIPLOMA

DURATION
(REGULAR) 3 YEARS
(FAST TRACK) 1 YEAR

WORK EXPERIENCE
3 YEARS

COURSE DESCRIPTION

The programme provides you with a one-of-a-kind foundation by combining the core subjects Logistics and Supply Chain Management with Informatics and Economic Geography. You will gain a thorough theoretical understanding and knowledge of supply chain development. You will also be provided with the tools necessary to analyse, develop, and change supply chains. You will regularly participate in real-world cases, visit companies, and learn from the faculty's internationally recognised research as part of your education. All courses are taught in English and are open to students from all over the world. The international setting contributes to a broader understanding of the issues discussed in class. The program's distinct focus and interdisciplinary nature prepare you for a career in academia. international logistics and supply careerIt teaches you about supply chain management and prepares you for a career as a Procurement Manager, Logistics Manager, Supply Chain Manager, Product Manager, Marketing Manager, or Director. The programme prepares you for doctoral research studies.
