

# DIPLOMA IN ENVIRONMENTAL ENGINEERING

**DURATION**  
**(REGULAR) 1 YEAR**  
**(FAST TRACK) 3 MONTHS**

**ELIGIBILITY**  
**10TH PASS**

**WORK EXPERIENCE**  
**1 YEARS**

## **COURSE DESCRIPTION**

Diploma in Environmental Engineering is a specialized program that focuses on the study of the principles and practices of environmental engineering. The course provides a comprehensive understanding of the various aspects of environmental engineering, including environmental monitoring, pollution control, waste management, and sustainable development. Students also gain hands-on experience through practical sessions, laboratory experiments, and fieldwork to develop their skills in environmental engineering. Upon completion of the course, graduates can pursue a career in various industries, including environmental consulting, waste management, and public administration. Graduates can also pursue higher studies in environmental engineering and related fields.
