

DIPLOMA IN AUTOMOTIVE ENGINEERING

ELIGIBILITY
ITI/ DIPLOMA

DURATION
(REGULAR) 1 YEAR
(FAST TRACK) 3 MONTHS

WORK EXPERIENCE
2 YEARS

COURSE DESCRIPTION

Diploma in Automotive Engineering is a specialized program that focuses on the study of the principles and practices of automotive engineering. The course provides a comprehensive understanding of the various aspects of automotive engineering, including engine design, vehicle dynamics, materials science, and manufacturing processes. Students also gain hands-on experience through practical sessions, laboratory experiments, and fieldwork to develop their skills in automotive engineering. Upon completion of the course, graduates can pursue a career in various industries, including automotive manufacturing, automotive design, and motorsports. Graduates can also pursue higher studies in automotive engineering and related fields.

ABOUT US

In order to integrate the personnel strategy with the employer's business, we are devoted to providing qualified, talented, and professional manpower solutions to all sectors. We also provide a variety of training options to our applicants since we think it is important to support their professional development and excellence. With a large pool of applicants ranging from recent graduates to senior jobs, Job Scan can locate, screen, assess, and select prospects who meet the requirements of the hiring manager. Using our high standards for behaviors, and we respect the contributions of each customer and applicant we work with.

SUBJECTS

- **AUTO REPAIR MAINTENANCE**
- **AUTOMOBILE WORKSHOP TECHNOLOGY**
- **APPLIED SCIENCE AND MATHEMATICS**
- **AUTOMOTIVE TRANSMISSION AND VECHICLE DYNAMICS**
- **ROBOTICS**
