BACHELOR PROGRAM IN COMMERCE COMPUTER APPLICATION

COURSE DESCRIPTION

B. Com Computer Applications is a three-year full-time undergraduate programme that combines computer science and commerce studies. It is a combination of commerce and computer applications for commerce disciplines that necessitate computer knowledge. This course is intended to provide students with an integrated understanding of commerce and computer systems. Furthermore, this course provides numerous job opportunities in the IT and Commerce industries. Students who complete the course can work as a Business Analyst, Business Consultant, Auditor, Computer Programmer, App Developer, and so on.
