

# DIPLOMA IN WELDING TECHNOLOGY

**DURATION**  
(REGULAR) 1 YEAR  
(FAST TRACK) 3 MONTHS

**ELIGIBILITY**  
10 PASS

**WORK EXPERIENCE**  
1 YEARS

## COURSE DESCRIPTION

Diploma in Welding Technology is a specialized program that focuses on the study of the principles and practices of welding technology. The course provides a comprehensive understanding of the various aspects of welding technology, including welding processes, welding metallurgy, and welding inspection. Students also gain hands-on experience through practical sessions, laboratory experiments, and fieldwork to develop their skills in welding technology. Upon completion of the course, graduates can pursue a career in various industries, including manufacturing, construction, and repair and maintenance. Graduates can also pursue higher studies in welding technology and related fields..
