

ADVANCED DIPLOMA IN CIVIL ENGINEERING

DURATION : (REGULAR) 2 YEAR (FAST TRACK) 6 MONTHS

ELIGIBILITY : DIPLOMA

WORK EXPERIENCE : 2 YEARS

COURSE DESCRIPTION

The Advanced Diploma in Civil Engineering is a two-year program that provides students with a comprehensive understanding of the principles and practices of civil engineering. The course includes advanced topics such as structural design, construction management, and geotechnical engineering. Students also gain hands-on experience through practical sessions, laboratory experiments, and fieldwork to develop their skills in civil engineering. Upon completion of the course, graduates can pursue a career in various industries, including construction, infrastructure development, and transportation. Graduates can also pursue higher studies in civil engineering and related fields.
